Comera Risk Ltd Level 3 Safety and Security Awareness

Introduction

This summary is designed to outline all information related to this Highfield Accredited Programme for Comera Risk Ltd.

This programme is written and owned by Comera Risk Ltd and accredited by Highfield.

This is not a regulated qualification, nor is it recognised by the regulators of England, Wales, Northern Ireland or Scotland (Ofqual, Qualifications Wales, CCEA and SQA).

Under no circumstances should this programme be represented to be a qualification or that it is recognised by any qualification regulator.

Programme objective and content

This eLearning course introduces learners to safety and security awareness and how it plays a part in our everyday life. It explores understanding of threat, risk and situational awareness and communication along with de-escalating difficult situations that learners may encounter.

The course has been designed to provide a level of duty of care to a large organisation without interference to the working environment. The course can be taken anywhere and at any time either on a PC, Tablet or even Mobile phone.

Entry requirements

Learners must be a minimum of 14 years of age.

It is also advised that learners have a minimum of Level 1 in English.

Geographical coverage

This learning programme has been developed for learners in the UK.

Delivery guidance

This programme is made up of 2 GLH. Full details of all content can be found on from page 5 of this document. Regulated first aid will be delivered alongside this programme but does not form part of this accreditation through Highfield.

To effectively deliver this programme, the centre must have the following resources in place:

- Suitable equipment in order to run the e-learning course
 - Internet access
-

Assessment guidance

This accreditation does not include assessment.

Quality assurance and standardisation

Internal Quality Assurance activities are to take place and include the following:

- Dip sampling of training courses and material
 - Internal audits to identify areas of non-conformance
 - Centre self-evaluation
-

Regular standardisation activities take place and include the following:

- Document and version control
- Use of approved templates

ID requirements

It is the responsibility of the centre to have systems in place to ensure that the person attending is indeed the person they are claiming to be.
